2. Projects currently
 - a. We have finalized the build for the new Brush Rig. – Fouts is just waiting on Ford for the Chassis. Ford still has not released a build date.
3. Grants
 - a. Safer Act – Will be resubmitting in 2023
 - b. The AFG application has been submitted for 10 sets of Turnouts and 23 pagers. Just waiting.
 - c. Murray Paolo is finishing up the Homeland Security Application for Phase 4 of the District Radio Project. – We have placed the order for the Radios that we were awarded in the Phase 3 Project
 - d. The district was awarded the SDAO Grant for \$6,240 which is a 50/50 grant for cybersecurity. Will be finalizing the equipment and ordering this month. The Server has been ordered and should be here in the next week or so.
 - e. Will be submitting the VFA Grant in April for New Pagers.
 - f. Will be resubmitting the DEQ Grant for a New Brush Rig. Grant is due in June with an award notice in August and funding in November.
 - g. I have submitted a grant request to the State of Oregon for 11 I-pads.
4. Been working on the setup of the new ESO Reporting software. We started doing all Medical and Incident reports on the new software as of January 1, 2022. Currently working on the Inventory and equipment checks piece. Work in progress!
5. We did have an issue with the Bay 1 Door. The other night on a call it started coming down on its own after being in the open position for a good 30 seconds (Reviewed on the video) The Rescue hit it and caused damage to the bottom two sections. I had the Doorman replace the two sections and install a new opener which has a beam sensor so if anything is in the beam the door will not come down. Turned it into the insurance and they covered all but the \$1,000 deductible.

6. We did have an issue with Rescue 4 this morning and ended up having it towed to Carlton Truck Shop. It responded to a call this morning with no problems, but as they tried to leave from the call, they had a red engine light and no throttle. The outcome was a battery issue. It is now back in service.
7. We will be doing Pump Testing the end of April.
